DETAILED ACTION

Claim Objections

1. Claim **11** is objected to under 37 CFR 1.75 as being a substantial duplicate of claim 1. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Allowable Subject Matter

2. Claims **1 & 3-10** are allowed.

The following is an examiner's statement of reasons for allowance:

Jung teaches a semiconductor device comprising a first impurity storage region and a second impurity storage region, physically connected to said first impurity region, wherein the length of said first and second impurity storage regions are longer than a gate length. However, Jung fails to teach or suggest the widths of said first and second impurity storage regions are equal to the gate length of said first and second gate electrodes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
